Good morning,

UCPath recently updated employee records to add current employees to the new RP and SV union units. As a result, some employees may temporarily appear as “inactive” in TRS while the systems sync. If you receive questions from employees, please let them know that TRS is aware of the issue and their profiles will be updated as soon as possible.

Please rest assured that these employees *are* active in UCPath and will be paid on time, regardless of how quickly TRS is updated.

Here is a list of the affected titles:
